

Tenerife & Luabay, you won't find a better combination

Written by [Publirreportaje](#) February 19th 2012

If you've been thinking to go on holidays let us take you to Spain's favorite holiday island: Tenerife

Hotel Luabay Tenerife

Tenerife has sun, beach, good atmosphere and a good weather characteristic of the **Canary Islands**. While there, you will not have to worry about rain or bad weather.

Everything within reach

Luabay Hotels chain has a number of hotels and apartments all around Tenerife that you can choose according to your preferred location and tastes.

The Luabay Tenerife is a beautiful idyllic hotel situated just minutes walk from the city centre and a few meters away from the beach. The rooms are fully adapted to travelers and you can choose whether you wish to enjoy breathtaking views of the sea, to the **Teide** or the **Oratova Valley**.

Another option is to choose **the Luabay Costa Adeje**, located in the beautiful resort of **Costa Adeje**. It's adapted both for family holidays as for a great night for couples. And their themed dinners cannot be missed, essential for a particular celebration or extensive dinners based on pure Spanish tapas. You can also choose designer rooms and a wide range of activities hosted by the hotel.

Our goal is your relaxation

The Luabay Hotel Costa Los Gigantes is designed to enhance your holidays with the purest rest throughout your stay. By booking a minimum of 7 nights you get a free **Thermal Circuit** per person in the **baySpa**, a 1,800-square metre enclosure with a variety of services and treatments. You will never have been so relaxed.

On the other hand you can enjoy their beautiful apartments, **Florida Plaza Apartments and Florida Apartments**, both located in the heart of the old town of **Puerto de la Cruz**, 200 meters from the Plaza del Charco and 600m of the Beach Garden. You will have the entire old part of town at your feet.

If you wish to enjoy a dream holiday with all this variety, **Tenerife** is your destination and **Luabay** your best option.
